Salt Lake Cay, Utah.

m6

OF COURSE the Mormon Church and the Mormon people will quaks and quall and shiver and shake, this morning, when the resolutions adopted by the republicans of Sait Lake County in mass convention are published to the world. This great political organization-whose ramifi cations extend from the Kimball Block to the Walker House, with branches to the postoffice, into the office of that distinguished annihilutor of untamed savages, the internal revenue collector, and under the caves of the Richards Building, and whose

codling meth, the insect having made its appearance there in 1874. It has multiplied so fast that the state is said to be almost overrun by the pest, scarcely an orchard in some ections being free from it. The rate of increase is truly marrelous. Entomologists senset that twalve female snotes in an orchard will produce 2,400 and orchard will be a substitution and request
orchard for a change form the old plan that bad brought nothing but corruption and beautiful produce and brought nothing but corruption of a season of the law person of a change form the old plan that bad brought nothing but corruption of the Indian committee to be will be a would number 240,000, and the third 24,000,000. From this rate of fucrease it may be interred that all

crease it may be inferred that all corchands in a state would record be involved in a common destruction.

In Unit much has been written concerning the moth, and much has been done to rid the country of the third the country of the here before the invasion by moths, were over grown in any country. Toe fight that the borticulturists have on their hands reems more of an un deriating than they can master. Out reason why the orchardate cannot get rid of the moths, or at least mathe majority surrender too readily to the insects, giving up the battle in decear. It seems to be the generally content of the struction and property that if all would work thinkingly for the destruction and proterially radioco their number, is that trithfully for the destruction and prevention of the evil, the for could be conquered; but it is discouraging for one man to attempt to keep the moths cut of his fruit, while his lightning. We are prepared to further the moths cut of his fruit, while his lightning. We are prepared to further the matter had no jurisdiction, because the matter had no jurisdiction. neighbor folds his arms and laments. In the middle counties the growing of apples and pears fit for the market, has about been abandoned, and through negligence and lack of energy and enterprise, the moth is fast

larly reported.

Garfield interregated Sparks as to whether he thought the committee on military had anything to do with the use of the money paid to the army. Sparks thought it certainly had.

Garfield closed the discussion, pointing out that the military committee had no jurisdiction, because the matter had not been referred to that committee.

The chair held that the amend ment proposed refrenchment and was in order.

Conger appealed, and the committee austained the decision—103 to whether there should be a general debate upon the proposition, the democrate imisting that there was no agreement for a general debate, and the republicans holding there was Finally Sparks said he would allow reasonable time, but if any democrate desired to discuss the masting.
